R6 2020 Compactor/Container Service Truck Equipment Package

SERVICE BODY:

IMT Dominator™CS style 11' medium duty galvanized steel crane body with standard right rear crane mount and body installation kit

- 52" high x 22" deep compartments. Compartments 32" above cargo bed.
- Right vertical compartment 60" high for oxygen/acetylene bottles

- The body shall incorporate patented inverted A understructure
- The compartment doors shall be constructed of 14 ga. galvanized, hemmed steel and swing outward (no fold up or down). Stainless steel hinges. Spring loaded positive stop door holders. Extruded bulb-type weather stripping is utilized for sealing the doors
- Patent-pending cast steel powder coated 3-point latch mechanism.
- Master lock compartment security system
- The cargo bed shall be 50" wide, constructed of 1/8" deck plate.
- The body shall be constructed of 12 and 14 ga. galvanized steel material.

- The rear workbench bumper is 25" deep w/thru compartment and has 5/16" steel overlay on top of workbench integrated into the bed. Rear load bed access step is included on the left rear corner of the thru compartment with hand rail for 3-point access to load bed.
- 6 1/2" vise mounted on workbench bumper
- Four (4) recessed tie-down rings shall be welded into the cargo bed floor
- Non-skid coating applied to the work bench bumper top and exposed floor and side walls of load bed surface.
- Aluminum splash and rock guards installed on the front of the service body.
- Molded rubber fender extensions and mudflaps.
- A receiver tube with safety chain loops integral to the chassis frame for trailer towing. 7-way plug at hitch.
- Fully integrated and sealed electrical system incorporating an automotive style harness system with power and function distribution box.
- Painted with 1 – 1.5 mills of Axalta Primer and 2 – 2.5 mills of Axalta Polyurethane top coat paint. Paint body per Republic Services specification, Interior of the compartments are painted with IMT Compartment Coating – VOC compliant polyurethane-modified multicolor spray finish
- Provide and install Republic Services identification decals and striping
- Installed at IMT factory.

COMPRESSED AIR AND WELDER SYSTEM:

- IMT CAS40P hydraulic driven reciprocating air compressor painted white for top left compartment mounting application including 10 gpm hydraulic motor, control valve and integrated hydraulic oil coolers. Rated at 40 CFM @ 100 psi. Includes 20-gallon air receiver,

Support Vehicle Quotation

R6 2020 Compactor/Container Service Truck Equipment Package

hydraulic kit for installation on body, oil reservoir – 28-gallon (Bulkhead mount in load bed), PTO with Hyd Pump for automatic transmission.

- ½" x 50' air hose with retractable reel (installed RV#1 compartment)
- ½" moisture separator/regulator/oiler (installed RV#1 compartment)

WELDER:

- Miller Trailblazer 325 gas engine driven welder / generator w/50' welder lead and 50' ground lead accessible in RV #1 compartment. 110V GFCI outlet mounted at right rear of body. Includes removable bulkhead behind compressor or welder
- 50' torch hose kit with regulators on retractable reel in RV1 compartment

LIGHTING AND SAFETY:

- Four (4) LED floodlights (1) each side front and (2) rear mounted.
